BOILERS

Cleaver-Brooks- Industrial Watertube Boilers to 120,000 lbs/hr Firtube Boilers Deaerator Systems Economizers PLC Burner Management Systems

Nebraska Boiler-Cleaver-Brooks- Industrial Watertube Boilers up to 250,000 lbs/hr "D", "A", and "O" types Stack Systems Boiler Tubes Superheaters Ultra Low NOx

Energy Recovery International-Cleaver Brooks- Heat Recovery Steam Generators Baretube Heat Recovery Systems Process Coolers Economizers Air Heaters Fluid Heaters

Ajax Boilers- Inclined Water Tube Boilers Atmospheric Forced Draft Hot Water Low Pressure or High Pressure Steam Low NOx Burners

Lattner Boilers- Up to 200 HP steam or hot water firetube boilers. Electric boilers up to up to 3600 kw

BOILER SYSTEM COMPONENTS

Natcom Burners-Cleaver-Brooks- 20 to 600 MMBTU/hr capacities for single and multi-burner boiler applications.

Profire by Industrial Combustion-Cleaver-Brooks- 550,000 to 63,000,000 btuh/hr Forced draft high efficiency Low maintenance New or retrofit UL

BFS Industries- Spray, Tray and Packed Column Deaerators Custom Deaerators Blowdown Systems Fuel Oil Pumping Systems

Crane Pumps and Systems- Comprehensive offering of fluid handling solutions and systems for myriad commercial, industrial, municipal and HVAC applications.

Cannon Boiler Works- Feed Water Heaters Superheaters Heavy Duty Economizers Vent Condensers Steam Accumulators.

Cheminée Lining, E Inc- UL listed single Double wall constructed, positive pressure boiler flue gas stacks and breechings.

Exhausto- Exhaust venting solutions for boilers, water heaters and dryers. Combustion makeup air systems.

Grundfos and PACO- Boiler Feed Condensate and Inline Pumps

Riello Burners- Light, Heavy, Gas and Dual Fuel industrial burners Heating pumping units Gas trains and valves Control panels

Penn Separator- Blowdown separators, tanks and accessories; flash separators, entrainment separators, exhaust silencers and heat recovery systems.

WATER TREATMENT

Blake Water Systems- Water softeners, filters and dealkalizers for use in commercial, industrial and small to mid-sized public water systems.

Cleaver Brooks-Filters, softeners, dealkalizers and chemical feed systems.

Blake- Solutions for Peak Performance

Sales-

- New Construction
- Modernization
- System Design Assistance and Review
- Technical and Design Build Assistance
- Product Sizing and Selection
- Specification Drafting
- Energy Audits
- Project Financing
- Controls

Service-

- 24/365 Emergency Service
- Peak Performance Service Programs
- Equipment Commissioning
- Fuel Conversions
- Burner Replacements
- NOx Testing
- Laser Alignment
- Pump Testing
- Machine Shop Service

Parts-

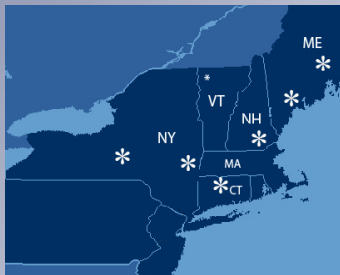

- Genuine OEM Parts
- Extensive Inventory
- In-House Parts Analysts

Blake Equipment Company Proudly Represents:

- Ajax Boilers
- Amtrol Boiler Mate
- *Berkeley BFS
- *Big Ass Fans
- Burks Pumps
- Caleffi
- Camus
- Cannon Boiler Works
- Cheminee
- Cleaver Brooks
- *CSI Controls
- *Dedietrich
- Deming Pumps
- ERI
- Exhausto
- Flo pac
- Flomatic
- Gould
- Grundfos
- Heat timer
- Highland tank
- *HOMA
- *Lattner
- *Mepco
- MTH
- FE Myers
- NATCOM
- Nebraska
- *Patterson Kelley
- Penn
- Plate Concepts
- *Precision
- *Preferred Utilities
- Profire- IC for Cleaver
- Brooks
- Riello
- *Shipco
- Spence Strainers
- Sta-Rite
- Weinman
- Wessels

Featured Product

Cleaver-Brooks Clearfire Boiler

Full condensing - high efficiency -
low NOx - compact - stainless steel
gas fired - 750-2500 MBH hot water or
15# or 150# steam
20 year thermal shock warranty.
